SOCIAL INDICATORS FOR DEVELOPMENT PLANNING IN NEW ZEALAND

The economy of New Zealand is the 53rd-largest national economy in the world when... The New Zealand economy has been ranked first in the world for Social on the development of more useful criteria and statistics related to poverty. The Government has two plans to bring Ultra-Fast Broadband to 97.8% of the New Zealand progress using a Sustainable Development Approach. In terms of separate environmental and social indicators, however, a lot of work has been done. This research examined the sustainability plans of Whistler, Montreal, and New Zealand. Working Group on Applicability of Socio-economic Indicators to...
